The following page contains additional information and is an integral part of this proposal.

Bid Number JOB #

Proposal Page 2 - Additional Details

This Proposal Is Subject To All Attached Terms And Conditions

GENERAL CONDITION: Unless specifically stated, this proposal does not include any engineering cost, soils testing, plans & inspection fees, permits, bond premiums, traffic control, temporary erosion control devices, dewatering, shoring, grubbing, handling, of buried debris, boulders or rocks, abandoning or removing of wells, cesspools or septic tanks, importing or exporting of dirt, select grading, structural excavation or backfilling, soil treatments for stabilization, sterilization, rodent control, removing existing street improvement and dust control outside of normal working hours.

COST OF CONSTRUCTION WATER BY OWNER. Water to be supplied to site at a sufficient quantity for production grading.

ALL UNDERGROUND LINES ENCOUNTERED WILL BE CUT AND CAPPED, IF NOT IDENTIFIED BY OWNER.

ROCK CLAUSE: One dozer (double shank) was included in this bid. Any additional ripping, blasting, or crushing required to maintain normal production of material suitable for scraper excavation will be considered not within the scope of the contract, and will be accomplished on an equipment rental & ware parts or other mutually acceptable basis. FGEI reserves the right to declare ripped or blasted material "not suitable for normal scraper excavation" because of excessive tire & equipment damage, or reduced production. Rock removal for ditches or subgrades will be done on a rental basis.

DIESEL FUEL: Any increases beyond the bid price of \$3.65 / gal will be invoiced monthly.

TIRE CLAUSE: Tires damaged by rocks or sharp objects within the soil will be repaired that day or replaced with equal tire. The cost of the tire and service will be billed to the customer at cost plus 10%.

NATIONAL STORM WATER POLLUTION PREVENTION PLAN: Unless specifically addressed as an item of work, the NSWPPP is excluded. If the Owner has developed a specific plan, it can be implemented on a rental basis.

HAZARDOUS MATERIAL: The site is to be warranted free from hazardous materials prior to start of our work.

MEASUREMENT FOR PAYMENT: Contract work is to be calculated or field measured by both parties and paid at the appropriate unit or lump sum price. Work for which there is no contract unit or lump sum price will be extra work and will be paid at current Caltrans labor & equipment rental plus materials, or at a negotiated price.

PAYMENT: Payment schedule will be set up for two billings per month, with payment of 95% due within two weeks of the billing date. The 5% retention is due and payable not later than 35 days from completion of our contracted work. Time and material work, if required, will be paid in full within three weeks of daily billings. No retention held.

SCHEDULE: The prices quoted, except for Caltrans rate increases, are firm to 07-01-19. Prices of work performed after that date will be subject to re-negotiation. **THE NUMBER OF MOVES INCLUDED IN THIS CONTRACT IS:**
